1	Noah went over assignments in much detail before they were due, answering all questions we had. It was clear that he wanted us as students to do the best we could, instead of just teaching and expecting us to know exactly what he wanted. He gave explicit instruction and it was very helpful with assignments and learning SPSS.
3	Great TA!
5	Noah Fry is the best TA you could possibly have especially for a course like stats. I started off the semester thinking this would be my worst and hardest course because I am not good at topics like these, but having Noah as a TA allowed me to make this my best course. He is very responsive and extremely helpful in clarifying confusing topics. He explains things very well and provides us with insightful feedback. He responds to emails very quickly and his tutorials are helpful in understanding assignment expectations. Overall, I genuinely cannot think of anything he can improve.
6	He really knows his content and strives to help students with their understanding
7	<ul style="list-style-type: none"> - Great job responding to emails quickly - Answered student questions effectively - Always willing to discuss grades and give feedback - Feedback on assignments was thorough and helpful - Always positive and friendly - Always gave extra time to answer questions, discuss material in further detail and help students grasp difficult content - Clarified difficult content really well
